

Design Technician (Full-Time Permanent & Temporary Remote Work)

GSP Group recently celebrated 25 years of practice providing community planning, urban design and landscape architecture services throughout southwestern Ontario. GSP Group serves the private and public sectors on a wide range of projects. We are a creative and innovative team of professionals who plan and design great communities that are livable and sustainable. We currently have opportunities available in our Kitchener and Hamilton offices to join our design team and contribute to our passion for shaping great communities.

As a **Design Technician**, you will:

- Apply your creativity and design skills to produce plans, drawings, maps, 3D models, concepts, presentations, report graphics, hearing exhibits and other visual materials for a range of planning and urban design projects, including:
 - Site plans, subdivision plans, consent and minor variance sketches and other visual materials in support of a range of planning and development proposals and applications;
 - Report graphics, presentation materials and exhibits in support of planning and urban design reports, Council and committee meetings, consultations and tribunal hearings;
 - GIS mapping, spatial and data analysis in support of a range of planning projects such as Official Plans, Secondary Plans, Zoning By-laws and Master Plans;
 - Other technical analysis and preparation of plans, documents and deliverables as required.
- Assist Project Managers and work collaboratively in a team environment.

The qualifications required are:

- A minimum five (5) years of experience as a Design Technician;
- A post-secondary diploma or degree in GIS and Urban Planning / Design or similar and (eligibility for) CACPT accreditation;
- A portfolio of work demonstrating proficiency in the use of CAD for the preparation of Plans of Subdivision, Site Plans and other visual material is required;
- Proficiency in AutoCAD, Microsoft Office, Adobe Creative Suite and SketchUp is required;
- Experience with ArcGIS is considered an asset;
- Excellent analytical, communication and organizational skills with attention to detail.

GSP Group is a great place to work. We have a dynamic team of professionals committed to creating great places, and doing so in a collegial, professional environment. We are an employee-owned firm and offer competitive compensation and benefits. And when it is safe to do so, we will return to a recently renovated head office in downtown Kitchener, as well as our office in Hamilton.

Qualified applicants are invited to send a cover letter, resume and portfolio with examples of completed mapping and design work in confidence to Steve Loughran, Associate – Senior Designer at sloughran@gspgroup.ca. We thank all those who submit applications, however only candidates selected for an interview will be contacted.
